

POSITIVE FOR YOUR PATIENTS

CONVENIENT & RELIABLE

- Immediate access to medication at point of care
- No out-of-pocket expenses
- No pre-authorization needed
- No retail pharmacy red tape
- Non-opioid-based pharmacy

Getting initial medications straight from my Doctor vs. struggling with my local pharmacy was so much easier. With additional cold-compression therapy, I needed fewer pain meds overall and got back on my feet, faster.

– William T., Chicago

POSITIVE FOR YOUR PRACTICE

COMPLETE COMPLIANCE

- Full knowledge of parameters in practice involvement allocation between labor, risk and program management services
- Legally compliant structure enables enhanced patient care and convenience and additional revenue from in-office dispensing services
- Specific boundaries — enables practice to add patient benefit, while safely and legitimately adding to revenue without risk

COMPREHENSIVE PROGRAM

- Enhances practice revenue
- Complete billing and collection services provided
- Reliable and accurate monthly financial reporting

THE WRS DIFFERENCE

- WRS & its partners have over 20 years of experience
- Pharmacist is on-call
- Onsite staff training
- Ongoing program support to drive utilization and efficiency
- Team of experienced WC billers to enable timely reimbursement
- Cost will be neutral or lower to payors via multiple repackagers
- No unnecessary costly medications
- Support is available for formulary development and more

SIMPLE SOFTWARE

- Fast, user-friendly, web-based dispensing software
- 90 second delivery system
- Order medications at the touch of a button
- Easily accessible dispensing activity reports
- Automatic PDMR (Prescription Drug Monitoring Program) to keep your practice compliant

POSITIVE IN EVERY WAY

Our in-office dispensing program has improved convenience and care for our patients while increasing revenue for our practice. The WRS services have been exceptional.

– Michael K., Orthopedic Surgeon

NO UNNECESSARY COSTS

- Low cost generic medications
- Medications billed at the established state fee schedule
- Company provides all billing and collection services

SPEED & SIMPLICITY: 4-STEP PROCESS

1. Select Patient
2. Select Medication
3. Perform DUR (as appropriate)
4. Print label

Once the patient is pulled from your database, bar-code technology verifies, tracks, and prints proper documentation.
